## Math Activity: Interactive Multiplication Chart

### ✓ What I Practiced

What patterns or discoveries did you make?

- |   |  |
|---|--|
| <input type="checkbox"/> Square numbers         | <input type="checkbox"/> Fact families |
| <input type="checkbox"/> Repeated products      | <input type="checkbox"/> Other:        |
| <input type="checkbox"/> Skip-counting patterns |  |

### ⚙️ How I Solved It

What did you notice about the products in the 5s row?

Find products that end in 0. What do their factors have in common?

Find the number 49. What's special about that product?

### 📌 Next Steps

What will you try the next time you explore this chart?

- |   |                                 |
|---|---------------------------------|
| <input type="checkbox"/> Look for factor pairs        | <input type="checkbox"/> Other: |
| <input type="checkbox"/> Color the square numbers     |                                 |
| <input type="checkbox"/> Try a different number range |                                 |
