## Math Game: Space Jaunt

### ✓ What I Practiced

Is the number 64 closer to 60 or 70? How do you know?

What is the nearest ten to 35?

Should you round up or down when the ones digit is 5?

### ⚙️ How I Solved It

How would you round the number 24 to the nearest ten?

Draw a number line from 20 to 30 to show your thinking.

### 📌 Next Steps

Which numbers were hard to round?

How can you improve before the next space mission?

☐ Use number lines

☐ Make a rounding rhyme

☐ Replay the game
